From July 4 through Labor Day, Watauga Humane Society will offer an awe inspiring \$15 Summer Special on Spay/Neuter services, for dogs and cats, both male and female. The goal is to spay/neuter at least 100 pets in need, in the month of July and even more in August! For more information or to make a first come, first served reservation, call Watauga Humane Society at 828-264-7865. Anyone can qualify, who is having trouble affording spay/neuter. No lengthy forms or proof of income required. An honest expression of the need for assistance is all that is asked.

Financial support for this wonderful special is provided by the Watauga Humane "SNIPS" committee. SNIPS' mission is to spread the word that Spay/Neuter Is a Positive Solution to pet overpopulation and euthanasia. SNIPS sells crafts at craft fairs, holds plant sales and engages in other fundraising activities to raise money for the spay/neuter of animals in our community and neighboring communities. SNIPS works hard to ensure that people who cannot afford this important service receive assistance.

Reservations are required. Call now, while funding lasts! Now is the perfect time to fix your pet!
