Hello, my name's Alex Cobert. Myself and two others are in charge of planning and setting up a Girl Scouting event called "The Girls Rock Junior Jam" for our Recreation Program Planning class. We are looking for volunteers to teach these girls some new things from dancing, cooking, the outdoors, etc. Anyone that could help instruct any type of workshop beneficial for these girls would be tremendously appreciated. The event will take place on November 14th at the Holmes Convocation center from 9am-4pm. Volunteers are definitely not required to stay the entire time; the day will be broken up into 55 minute sessions so even a few hours will greatly help. If you or anyone affiliated with your group can volunteer please do so and just shoot me a reply E-mail.
