Rescue workers in Avery County may have found two murder suspects, according to Chief Deputy Dallas Pate.

Rescue personnel responded to a call this morning at Parkview Motel. A woman in a vehicle was unresponsive. Rescue workers were able to wake the woman up- but the situation got more complicated.

Officers checked the license number of the vehicle and found that it was wanted in Ohio for a double homicide.

Nothing has been confirmed yet, but according to Pate, two people connected with the vehicle have been apprehended for marijuana possession. The individuals have been identified as 18-year-old Tabith Messina and 19-year-old Carlos Christopher. Pate is waiting for a response from investigators in Ohio.
