On a related note, developer Phil Templeton was present, with some harsh words for Town Attorney Samuel F. Furgiuele Jr.

"The night of the January Board of Adjustments meeting was the worst performance I've ever seen by a town attorney," he said. Templeton said Furgiuele asked speakers leading questions.

"He became an advocate for the opponents for my special-use permit," Templeton said.

Templeton felt the need to speak when he saw the town attorney's place at Board of Adjustment meetings on the agenda for closed session.

Update: No action was taken by the Council after closed session. Calls to attorney Samuel F. Furgiuele Jr. had not been returned as of Friday afternoon. We'll have more as the situation develops.
