A busy afternoon for emergency services here, with a fire in Blowing Rock and a wreck on a busy stretch of US 321. The wreck was apparently spectacular to see, but was fortunate to have not caused serious injury. A Lincoln SUV ran off 321 approaching the Boone town limits at about 2:45, a woman reporting that she saw the incident unfold, and said the woman crossed the on-coming lanes, flipped over a guardrail, and landed well off the road, the SUV hung in the trees. A woman was pulled from the wreckage of the SUV with few, if any, injuries, and taken into custody. The state patrol is investigating.
