---

Greenway Road is closed due to an early morning crash that took down a utility pole. The crash occurred at about 5:20am as the vehicle approached Winkler's Creek Road, but the driver failed to make the sharp curve, crossed the oncoming lanes, and struck the utility pole, taking it down. The impact caused the vehicle to roll over on its side, and caused power lines to fall across Greenway Drive. The woman suffered a cut on her leg and a bump to the head, and was transported by Watauga Medics to Watauga Medical Center while Boone Police with help of other law enforcement closed off the area from Wilson Drive to Meadowview Drive. Police said the driver and lone occupant of the car was from South Carolina.
