A Tennessee man was injured in a mid afternoon crash Saturday on US 321 in Sugar Grove. Trooper Hendrix said that 27-year old Adam Lee Potter looked down to the floorboard of his car after something dropped on the floor—possibly his cell phone—and when he looked up, he was off of the roadway. The 2010 Chevy passenger car overturned after it ran off of the road in the 2:20pm wreck, causing the Butler Tennessee man non life-threatening head cuts and neck injuries for which he was transported to Watauga Medical Center by Watauga Medics. Hendrix said he cited Adam Lee Potter for both Failure to Maintain Lane Control and No Operators License.
