A Millers Creek woman was injured in a nearly head-on collision this morning on Old US 421 at the Roby Greene Road intersection. The bright October morning sun might have played a key in the crash that occurred just before 8am as a large 2005 Chevy pickup truck with an empty trailer was making the left turn from Old 421, the impact injuring Kathy Huffman, driver of the 2002 Lexus SUV struck in the intersection. Watauga Medics and Boone Fire responded, with Huffman, 42, transported to Watauga Medical center while Trooper Hendrix of State Patrol cited William Wallace, also 42, of Zionville, with Failure to Yield in the crash that probably totaled both vehicles, according to Hendrix.
