An Elk Park man and Cranberry woman face cocaine charges.

30-year-old Rodolfo Rivera was charged with felony possession of cocaine and possession of drug paraphernalia. Evidence from the vehicle stop led to the issuance of search warrants for two other residences. The search led to another arrest, according to Avery County Sheriff's investigators. 45-year-old Maria Hernandez of Cranberry was charged with felony possession of cocaine and maintaining a dwelling place for the use of controlled substances. Other charges may be issued in the ongoing investigation.
