Samaritan's Purse is on the ground in Japan, helping to deal with the multi-faceted disaster there. The Boone Christian outreach said this morning that team is now on the ground in Japan, working with local partners to coordinate and deliver much-needed aid for victims of the powerful earthquake and tsunami that devastated the island nation. Tomorrow, more relief will be on the way when Samaritan's Purse loads some 92 tons of emergency supplies onto a cargo jet at Charlotte-Douglas International Airport.
