A young woman was hurt, transported to Watauga Medical Center by Watauga Medics after she was run over on the lot of an apartment complex late Friday afternoon. The woman, said to be a student at ASU, was sunbathing in a parking space on the lot of the apartment complex off of Green Street, just off King near downtown, and someone entering the parking lot did not see the woman lying between other parked cars on the lot and struck her. Boone Fire was called to the scene as well as Boone Police, who were working on a report late Friday.
