Last week, Aisling Broadcasting reported about a 1994 Buick Park Avenue that was reported missing by Crimestoppers. The Buick has been recovered.

April Gunter of the Boone Police Department said the vehicle was reported missing from a residence on New River Heights Road on December 21st.

The Buick was recovered in the Triplett area of Watauga County on December 23rd.

Gunter also reported that a 1951 Chevrolet truck was reported missing from a residence on New River Heights Road on December 30th, but recovered on Charlie Hollars Road later that day.

It is unknown if the vehicles were reported missing from the same residence on New River Heights Road and no information has been released regarding possible suspects.
