Someone went inside a residence on Elkin Highway and took \$1,500 worth of firearms, Wilkes County deputies say.

There is no sign of forced entry, but homeowner William Ray Pruitt told deputies the door was unlocked while he was out Saturday evening. Pruitt returned home to find the guns missing. All other valuables have been accounted for. The missing weapons include a 12-gauge single shot shotgun and a 22-250 bolt-action rifle with a Bushnell scope. While Pruitt has his suspects, deputies are still investigating the case.
