---

Clover is a female, spayed, black and white Border Collie mix. She has her rabies tag on but no contact information. Clover went missing near Walt Sheets bridge in Jefferson and got out of the house on 1/11/13 and never came home. If you have seen Clover or may have her you may call [336-977-3273](tel:336-977-3273) or [336-977-3275](tel:336-977-3275).

PS. This picture was taken back in June but this is what she looks like, only now she is bigger.
