FOUND DOG

A very friendly older female Chihuahua we found in the middle of the road on Highway 321 between 421 and Mass Gap Road in Sugar Grove. She weighs 5 pounds and she is white with a little tan. She was found on 06/18/2009. She has some health issues which you will have to know in order to reclaim this little girl. The nice lady that found her is taking very good care of her (along with the help of her other dogs which have adopted her already)!!! If you are missing this sweet girl please call Tricia at 828-719-9121.
