To Give Away:

Cindy The owner of these 2 cats, had been disabled with illness, passed away on July 10. The two cats are missing their friend and caretaker very much. They each are very much in need of new, loving homes. They do not need to be placed together as I don't think they like each other that much, though I could be wrong. One cat is young, about 2 years old, and very, very cute. Her name is Bug, and she is black and white. She's a little cat. She likes to play with people's shoes (while they're wearing them) and shoelaces, once she gets to know them. Very sweet, too. She's been an indoor cat but likes being outdoors, too. Seems to be very healthy. The second cat is Sara, and is about 9 years old. She is white and grey. A really beautiful cat, thin and graceful. She's had a very difficult time during her friend Michael's disability, he was her world for a long time, all 9 years, and will need some individual attention; not as adaptable as the younger cat. She's been living outdoors lately partly because she's confused and upset. Previously, she'd always been an indoor cat. She had a lot of medical tests done during the winter that determined that she is healthy. Again, a really beautiful and sweet cat.

Both of these cats are very much in need of new homes where people will love and take care of them, where they feel secure. Neither cat has been spayed.

Anyone interested in either or both of these cats can contact me, Judy, at 828-765-2428 or 828-284-9951. If I don't answer, please leave a brief message and I'll return the call as soon as possible.

Thank you very much,

Judy
