Sugar Mountain Ski Resort is not just about skiing.

In fact- starting today, locals and pros alike will be battling it out on the Mountain- it's time for the Showdown at Sugar National Mountain Bike Series. According to Kim Jochl, the NORBA National Mountain Bike competition is a big deal.

It's attracting athletes from all over the world, she says.

Amateur athletes can compete at their own level alongside the pros.

It's not just about the athletes. The lift will be in operation so spectators can catch the show.

The Showdown is today through July 29. For more information, visit <http://www.skisugar.com>
