Three pickup trucks were involved in a collision this morning approaching Warrensville, leading to one injury. The 10am collision occurred as Lansing resident Eric Rhodes was distracted, his Chevrolet Colorado pickup drifting into the oncoming lane. He saw his mistake just as he sideswiped the first truck, causing injuries to a woman in the pickup before he hit the second, also sideswiped. Injuries to the woman were not serious, according to the trooper, who cited Eric Rhodes with being left of center.
