---

Catawba County schools have less than two weeks to fill 19 teacher slots.

Teachers are needed in Hickory Public Schools, Newton-Conover City Schools and Catawba County Schools. While the three systems have received over 600 applications this month, many available teachers are either not highly qualified or applying for positions that are not needed. The systems do have a backup plan- qualified substitutes could fill in. Time is running out, and potential teachers are encouraged to apply as soon as possible.
