There were several injuries in an accident Saturday afternoon just before 3 as a small sedan collided with an SUV and flipped the larger vehicle onto its top. The accident was on State Farm Road where Shadowline Drive becomes Dale Street.(photo by Alex Giammatteo)

The impact caused the SUV to spin nearly down a steep embankment to a parking lot below, landing precariously overhanging the lot. There appeared to be no life-threatening injuries, although Watauga Medics treated several at the scene and Boone Police are investigating.
