---

Unemployment is a problem in Ashe County, Becky Greer says.

That's part of the reason she's excited about the first ever Ashe County Job Fair on September 25.

Companies represented will include Lowes Hardware and the Dog House Resort. Potential employees should prepare ahead of time.

According to Greer, opportunities begin as soon as you meet a potential employer. First impressions are everything, so dress for an interview and come prepared, resume in tow.

The event happens at Family Central from 2 to 6 p.m. on September 25. For more information, contact Greer at 336-846-3900, ext. 224.
