With the deadline to register for municipal elections approaching, it's a busy time at the Watauga Board of Elections office,

says director Jane Hodges.

So far, she's seen a good turnout of residents registering to vote.

Even so, she hopes even more Boone residents will get involved.

Voting is a right, she says- and with what's going on in the Town of Boone, it's important for citizens to exercise that right.

Registration takes minutes, Hodges says. The deadline to register for municipal elections is Friday.
