An accident in Watauga claimed a life around 8 a.m. this morning.

Troopers say a Chevrolet pickup was traveling at a slow rate of speed near the security guard entrance to Laurelmor Development when the truck veered to the right, went through a wooden fence and then went off an embankment. Early speculation says a medical condition could have caused the driver to lose control of the vehicle. While we have been told an identity, we have not confirmed the man's name with Highway Patrol. Stay tuned and visit www.goblueridge.net

for the latest developments.

Laurelmor Development is off Sampson Road near Blowing Rock.
