---

The Lodges at Elkmont still has no official comment about an incident that left a 16-year-old seriously injured Monday.

The 16-year-old was apparently working as a roofer according to an Elkmont staff member. North Carolina Hazardous Occupation Order 16 prohibits anyone under the age of 18 from roof work or related operations.

The Lodges are luxury condominiums and town houses in Banner Elk.

The juvenile's condition has still not been released.

As a matter of policy, Aisling Broadcasting does not name juveniles except in special circumstances.
