The 2013 Annual Business Expo was held Tuesday, April 16 at the Rock Gym in Newland. The event was sponsored by the Avery County Chamber of Commerce and High Country Radio. For over 10 years the expo provides businesses the opportunity to network with other Chamber members and showcase their products to the public. Over 40 local businesses showcased their unique products and services. A wealth of information was available relating to education, job search, financial and health services, insurance, non-profit organizations, food, beauty, jewelry, electronics, home improvement and more. Free samples from Carolina Barbeque and Earth Fare were on the menu. High Country Radio was on the air with a live feed and there were door prizes and giveaways.
