Two suspects are being sought in the armed robbery of the Boone Cracker Barrel Restaurant. The call came in at about 9pm after a white male, wearing all black and a black bandana across his face robbed the restaurant brandishing what appeared to be a Glock semi-automatic handgun. The 6'3" white male fled the area on foot, possibly accompanied by another male, unknown race, wearing khaki pants and a bandana across his face, apparently running from the back of the restaurant. No vehicle was identified as connected to the robbers, who fled in the direction of Shops of Shadowline Mall just behind the Cracker Barrel. Management at Harris Teeter asked lawmen to search their store with the possibility that the pair might have fled into the store. The search, conducted by Boone Police backed up by Watauga Deputies turned up no suspects in the darkness.
