---

### **Johnson County Relay for Life teams have been raising money for cancer research for over a decade- and Friday marks this year's Relay.**

From 6 p.m. Friday to 7 a.m. Saturday at Ralph Stout Park, the community is encouraged to come out support the fight against cancer. Luminaries, which can be purchased in honor of a loved one with cancer, can be purchased from a team member. They will be placed around the track and lit after dark. Come out and join the fight.
