---

A brown female dog showed up at a home in Deep Gap on 7/9/2010. She has a bad limp in her left hind leg. Possibly an old injury as there is no visible signs of a new injury and she does not appear to be in pain. She has a medium length coat and short legs. She is not wearing a collar. If you are missing this sweet girl please call Paul at 262-3344.
