There was a male dog found in Blowing Rock, just behind the Broyhil Park. He was not wearing a collar or tags, but it looks like he had a collar on before. The breed of the dog is unknown but he is tan colored and medium in size. He has made residence on the porch of the house that found him, so no guarantees that he will stay. If this is your dog you may call 828-414-9201.
