We are taking care of a cat that showed up at our house on Blackberry Road (near Aho) on Sunday, August 4. It is a neutered male, long hair, mostly gray/black but has white stocking feet and a white chest. This is a very loving and well cared-for cat who needs to return to his real home. Oh, he is very loved and well cared-for here at his temporary home too. Please call 828-295-6856 for more information.
