Lost near the Ashe County/Watauga line on Hwy. 88 while running after a deer from the North Fork/Creston, NC area. He is a male tri-color collie mix, he is 8 months old named "Big Mac" He is wearing a blue collar with TN rabies tag. He is big but very friendly. He is buff/sable in color, with white legs and belly. He has black tipped hair in the middle of his chest and black tips on his back and tail, which is very big and bushy looking. He also has a light eyebrow outline that makes him look a little monkey-faced. He has been missing for two weeks. If anyone has any information, please call (336) 385-2178.
