

LOST CAT

It brings me great pleasure to announce that Buster has been reunited with his family!!!

Somehow Buster turned up at Friends For Life and was being fostered by a wonderful lady. She was searching the Pet Patrol Page and noticed this posting about Buster. She contacted me and we were able to reach Buster's mom....long story short...Buster is home with his family after being missing for 5 months! Thank you, Anna, for everything you have done to help reunite this kitty with his family!!! Cindy☺
