

LOST DOG

UPDATE... I just want to thank you and the people who have called about Shiva to let me know she had been following canoes. Unfortunately she is still lost but at least we know she is ok and I will keep riding the roads along the river looking for her.

Our dog is missing! She tends to play in the river (along Pine Run Rd and Castle Ford Rd) but always comes back by night time. She has been gone for a full week now though and we are worried about her. She is microchipped and we have checked with the humane society. We are hoping she has wandered into someone's yard and they have taken her in thinking she was a stray....She is black, tan, and white and has big brown eyes. She is spayed. She is a beagle/collie mix and is slim, weighing around 45 or 50 pounds. She is very sweet and friendly! Her name is Shiva. She was wearing a red collar with bones on it when she disappeared but she loses collars often somehow. I had just bought that collar so it didn't have her tags on it yet. Please let us know if you have seen our Shiva! 828-264-4998 (h) 828-719-1915 (c).
