

## Lost Dogs

**These 2 babies are back home safe and sound!!!!**

I have 2 female labrador puppies, 6 months old, that disappeared from my yard on Dec. 21st, 2009! One is black with a red collar & her name is Missy! The other is chocolate (brown) with a pink collar

& her name is Sugar! When Sugar was younger, she was involved in an accident that caused her to lose sight in one eye. We have had them since the day they were born! THEY ARE MY BABIES!! I am

disabled, so needless to say, they have brought much joy in my life!! There is a REWARD for their safe return or for any information leading us to them!! No one should be disappointed with the amount of the REWARD!! You can call Rick May at (828) 297-5846 or in TN at (423) 727-6426. You can also e-mail me: [terilynn41@hotmail.com](mailto:terilynn41@hotmail.com) PLEASE, PLEASE HELP ME FIND MY BABIES!!! Thanks for your help,

Teri
