The 2014 student volunteers from Watauga High School present of their donation to the Hunger and Health Coalition Thursday April 10th at Watauga High School. This year 60+ students worked over 260 collective hours on March 29th, the day of this year's Empty Bowls Supper. Many hours before and after were and are still being logged as much of the wrap up is still on going. Pictured are most of the student volunteers presenting a check to the Hunger and Health Coalition with this year's amount raised—\$10,400—an all time record over 13 WHS Empty Bowls Suppers.
