Softball head coach Shae Wesley has been reassigned within Appalachian State University's athletics department, Appalachian State athletics announced on Wednesday.

"We thank Coach Wesley for her service as softball coach and look forward to her continuing to contribute to our department in a new role," Appalachian State director of athletics Charlie Cobb said.

Wesley led Appalachian State to a 98-103 overall record and one Southern Conference regular-season championship (2013) in four seasons as head coach. The Mountaineers were 19-32 overall and 7-13 in SoCon play (seventh place) in 2014.

Wesley's new role within the athletics department has yet to be determined.
